Proclamation of the Governor.

The President's call for 300,000 volunteers to serve three years or during the war, to fil up the old regiments, makes the allotment to Kentucky of 12,000 to be raised.

This call must be met, either by volunteers, or by draft, at an early day. of January is set by the President as the time of ordering the draft. This will give time for Congress to repeal the \$300 ex-

ment either in volunteers or conscripts. Recruiting for the twelve months service will cease with the authorities beretofore given, so soon as the regiments forming are filled.

Let no man say he would volunteer if it were for defense of the State or to serve in the State. Facts answer such declarations. For months you have been called on for such service, and failed to respond. This

service is now closed to you. Kentucky now is, and must continue to be, 49, 183 23 exposed so long as there are rebel armies in the field. Guerrilla raids will cease when the rebel armies are broken up. The only se curity to your State against invasions and raids, is the destruction of the rebel armies Were our old regiments full even to the minimum, the days of rebellion would be numbered, and but few. The true defense of your State therefore is by filling the old regiments now in the field. This will give a crushing force, which must soon sweep the ebel armies from the field.
